CAPITAL THAT WORKS HARDER

Passive Income Built for Your Business

FEATURES

8.00% Premium Yield on up to \$1 million in cash investments, guaranteed by Galaxy Digital Holdings LP. Available for U.S. accredited investors only.

Earn 3.25% Annual Percentage Yield (APY) on your cash, FDIC-insured up to \$250,000. Banking services provided by Cross River Bank, member FDIC.

Auto-invest monthly interest payments into crypto, stock & ETF of choice for investment portfolio diversification, or continue to compound in cash.

The screenshot displays the GalaxyOne mobile application interface. On the left is a dark sidebar navigation menu with the GalaxyOne logo at the top, followed by icons and labels for Home, Cash (highlighted), Invest, Market, and Help. At the bottom of the sidebar is a user profile for 'Ravi' with the name 'Aegis Vanguard Holdi...' and a hamburger menu icon. The main content area is titled 'Premium Yield' and shows 'Earning 8.00% APY' in green. Below this is a disclaimer: 'Investment product - Not FDIC Insured - No Bank Guarantee - May Lose Value'. The 'Account Total' is displayed as '\$1,000,000.00' with an eye icon. Two large buttons, 'Fund' and 'Withdraw', are positioned below the total. The 'Transactions' section features a search bar and a date selector for 'Actual month'. A table lists recent transactions, all of which are 'Deposit' actions into 'Cash' (US Dollar) assets. The transactions include dates and times from January 6, 2026, to January 16, 2026, with amounts ranging from \$50,000.00 to \$300,000.00.

Action	Asset	Amount	Star
Deposit 16 Jan, 2026, 9:24 PM	Cash US Dollar	\$300,000.00	Col

Galaxy Premium Yield

Premium Yield. Powerful Results.

Yield is primarily generated by Galaxy's operating activities, including the institutional lending business, active since 2018. Your funds are supported by an institutional-grade risk management framework designed to safeguard capital and deliver risk-adjusted returns.

Entities must verify U.S. accredited investor status to invest in Galaxy Premium Yield.

\$250 million total investment cap with a maximum of \$1 million per accredited investor.

FEATURES

Earn 8.00% Yield, Automatically

Interest is accrued daily and paid monthly into your GalaxyOne Cash account.

Customize Your Reinvestment Strategy

Option to auto-invest your monthly interest into a crypto, stock or ETF of choice.

Simple, Fixed-Term Structure

Clear timelines and expectations, designed for long-term growth.

Backed by Galaxy's Institutional Strength

Guaranteed by Galaxy Digital Holdings LP, a subsidiary of Galaxy Digital Inc. (Nasdaq: GLXY).

The screenshot displays the GalaxyOne mobile application interface. On the left is a dark sidebar with navigation options: Home, Cash (highlighted), Invest, Market, and Help. The main content area is titled 'Premium Yield' and shows an account earning 8.00% APY. The account total is \$1,000,000.00. Below this is a 'Fund' button. A 'Transactions' section follows, featuring a search bar and a table of recent deposits.

GalaxyOne Staking

Stake with Confidence.

Stake your solana (SOL) on GalaxyOne and enjoy no platform commission on your staking rewards through 2026, powered by Galaxy Digital’s institutional-grade infrastructure, one of the largest global Solana validator operations.

FEATURES

0% commission on staking rewards through 2026

Earn up to an estimated 6.50% in variable staking rewards on SOL. GalaxyOne does not charge a platform commission on staking rewards through December 31, 2026*, allowing you to keep more of the rewards. Other fees may apply, see terms.

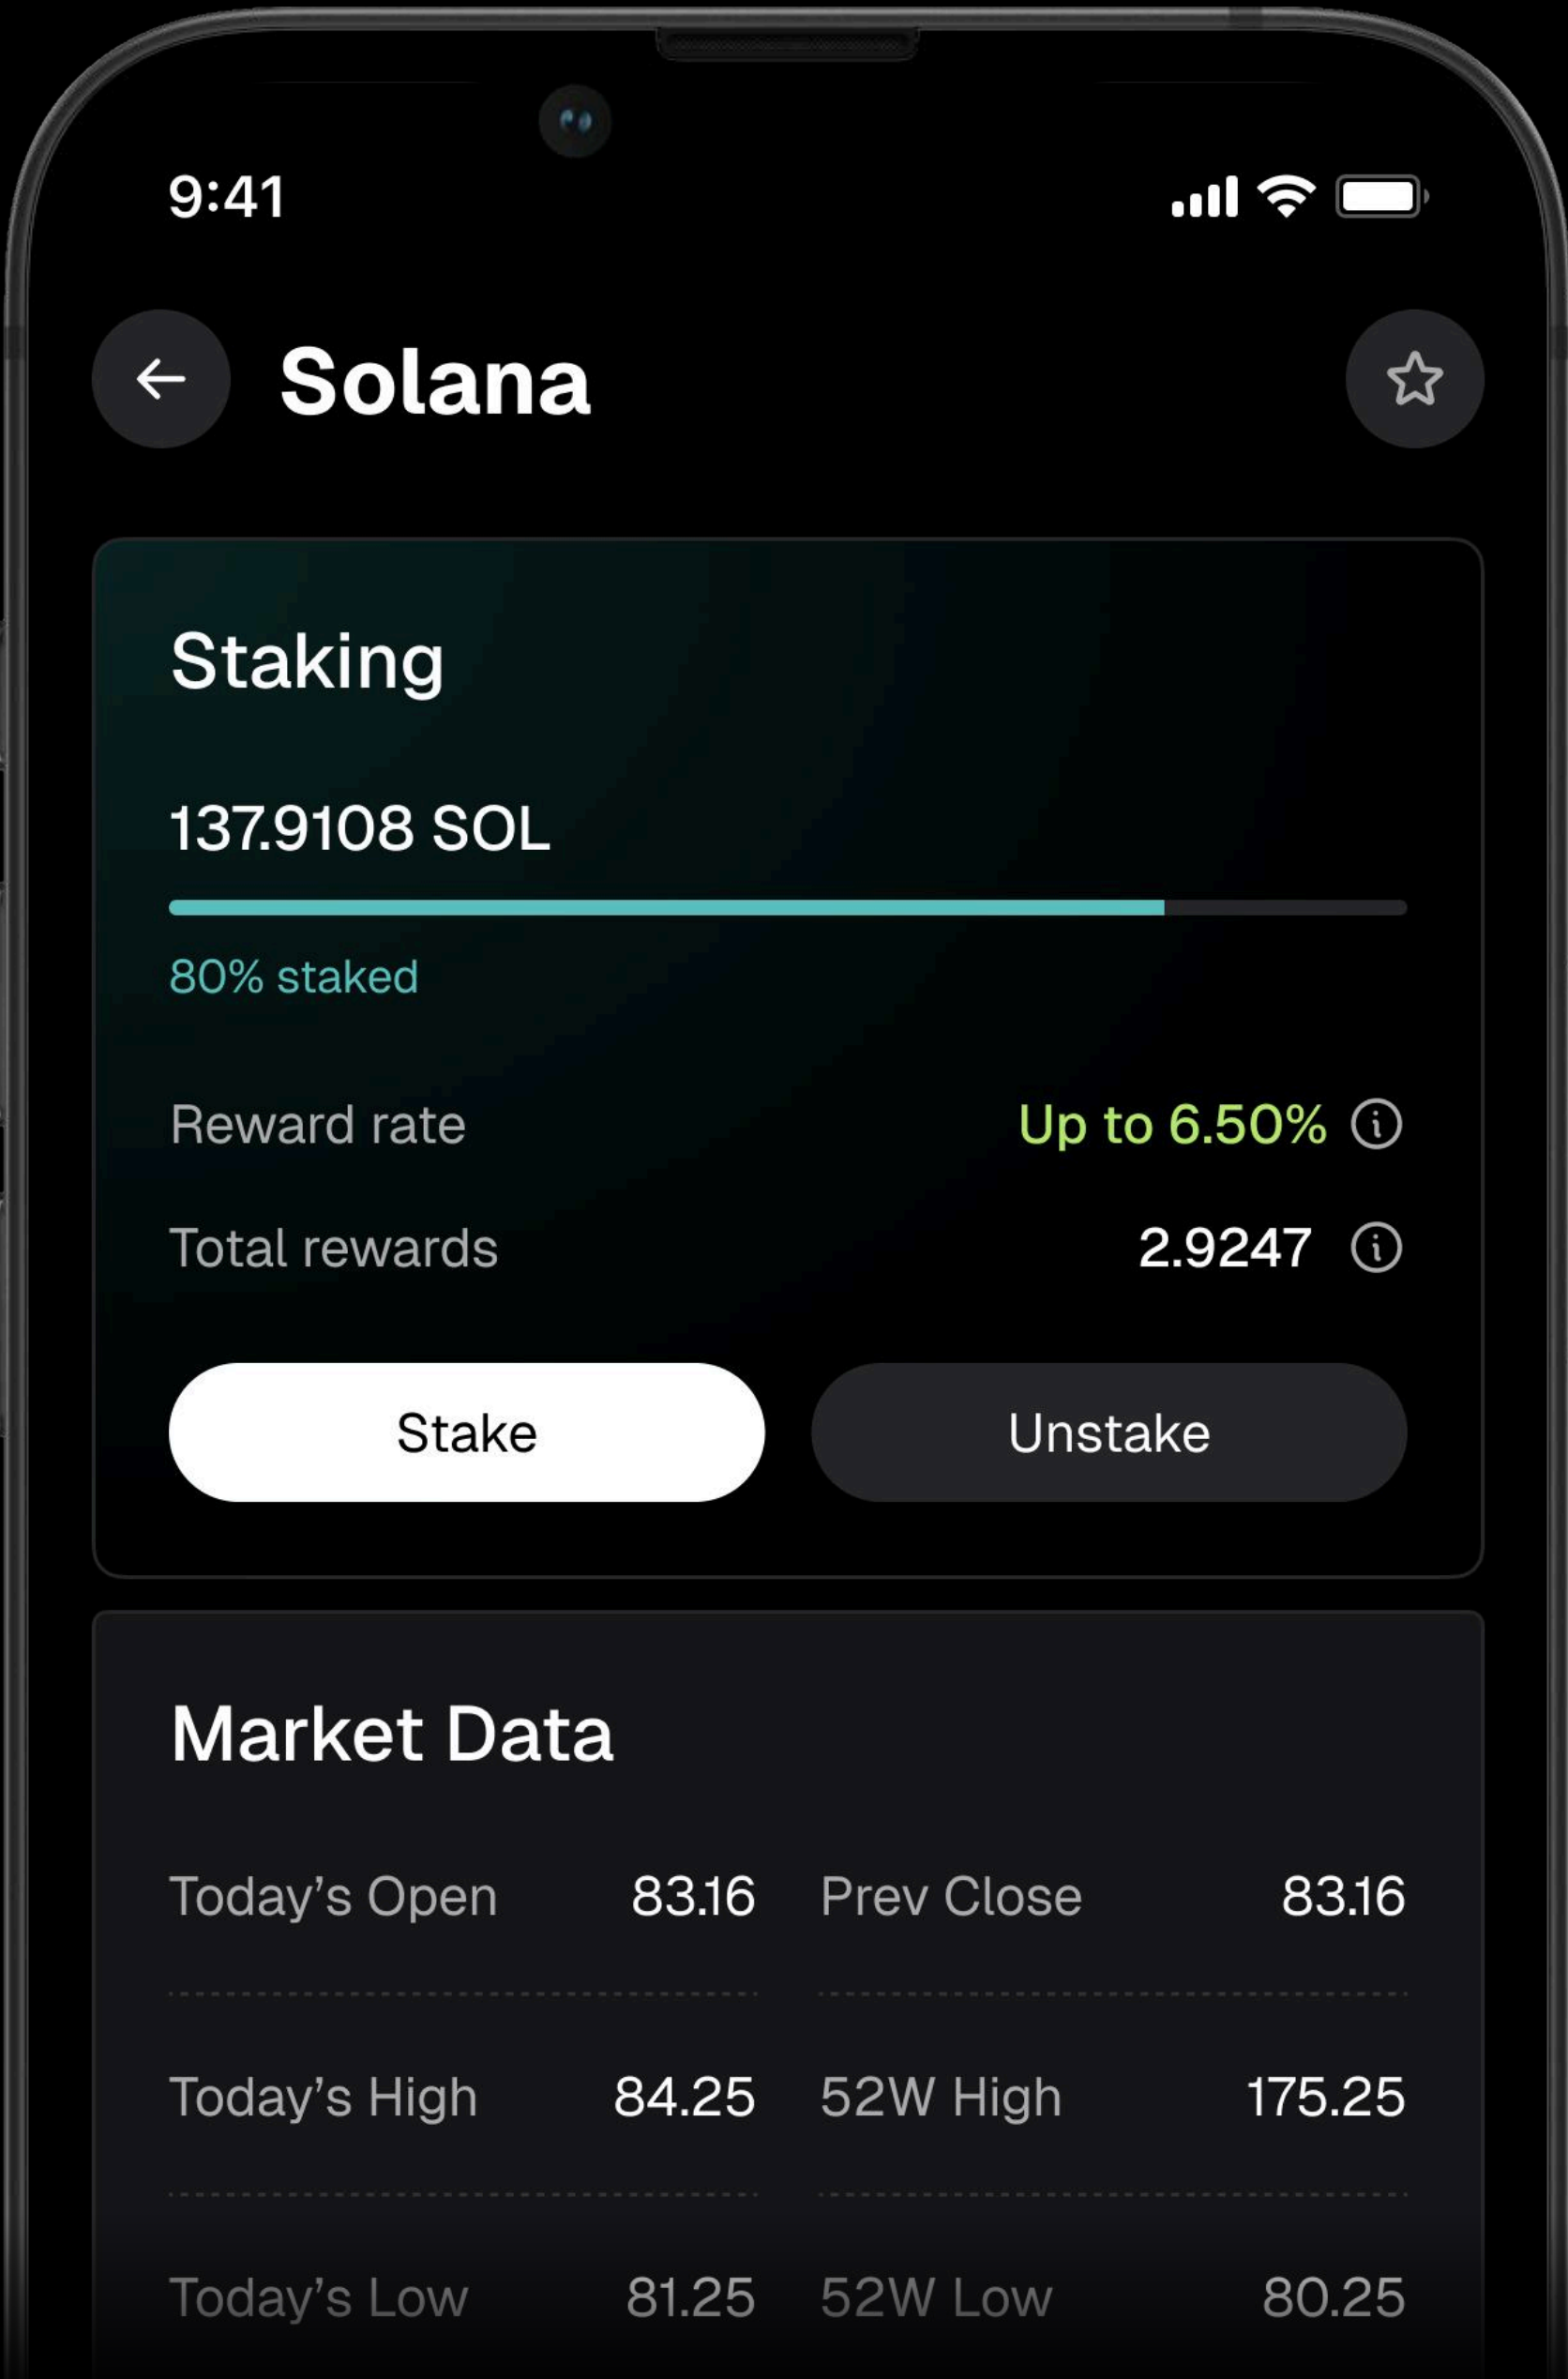

Powered by Galaxy's institutional-grade validator

Stake with ease using Galaxy’s institutional-grade validator infrastructure built to meet the reliability, security, and performance standards expected by some of the world’s most sophisticated institutions.**

Simplified, transparent performance tracking

Track staking performance with estimated rewards accrual, clear visibility into staked balances, and integrated transaction and tax reporting built for multi-asset investing with dedicated client support.

*Reward rate is estimated, variable, and not guaranteed. Rewards are variable and may increase or decrease. Actual returns depend on network conditions. Past performance is not indicative of future results. 0% platform commission through December 31, 2026. Platform commission is defined as the fee GalaxyOne charges to access staking on GalaxyOne and applies to Inflation and eligible MEV rewards earned while assets remain actively staked. Validators may retain transaction fees and certain protocol-level rewards associated with block production. Residual MEV rewards that are distributed after your assets are unstaked will not be credited to your account. Network transaction fees for sending and receiving SOL still apply. **Staking involves risks, including validator downtime, slash, loss of rewards, and Galaxy cannot guarantee validator performance.

With GalaxyOne, you have access to our dedicated Client Services team, wherever you are.

Live Support

GalaxyOne Cash account deposits held at Cross River Bank, Member FDIC. Insured up to \$250,000. Debit Card issued by Cross River Bank, Member FDIC.

Annual Percentage Yield (APY) is variable and may change at any time before or after account opening.

An accredited investor, as defined by the U.S. Securities and Exchange Commission (SEC) under Rule 501 of Regulation D, includes an individual permitted to invest in certain private securities offerings not registered with the SEC.

Galaxy Premium Yield is an investment product and is not a bank deposit or other obligation of, or guaranteed by, any bank. It is not insured by the FDIC or any other governmental agency. The note is unsecured, and investors may lose some or all of their principal. Past performance is not indicative of future results. Interest earned is taxable as ordinary income; please consult your tax advisor regarding your individual tax circumstances.

Galaxy Premium Yield Investment Note to be offered and sold has not been registered under the Securities Act of 1933, as amended, or states securities laws and may not be offered or sold absent registration with the SEC or an applicable exemption from the registration requirements. This shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Galaxy Premium Yield Investment Note in any state in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of such state.

To obtain more information and to consider investing in Galaxy Premium Yield, please see reference [here](#).

Digital assets are highly volatile, not legal tender, and not backed by any government. Investments in cryptoassets involve significant risk, including the potential loss of all principal. Digital assets available on GalaxyOne are held in custodial wallets with Paxos Trust Company, a New York State-chartered trust company regulated by the New York Department of Financial Services. These assets are not insured by the FDIC or SIPC.

Crypto trading on GalaxyOne may be subject to execution, network, or withdrawal fees, including applicable blockchain transaction ("gas") fees. While GalaxyOne does not charge spread markups, other costs may apply. Crypto transactions may trigger taxable events; please consult your tax advisor to understand your individual tax obligations.

GalaxyOne’s crypto services are offered in partnership with Paxos. By using these services, you agree to the GalaxyOne Digital Asset Customer Agreement and Risk Disclosure, available at [Paxos Customer Agreement](#).

Staking services (“Staking Services”) are available through the online platform operated by GalaxyOne Holdings LLC (“GalaxyOne”). Money transmission services in connection with the staking services available on the GalaxyOne platform are provided by GalaxyOne Prime LLC (“G1 Prime”), a FinCEN registered money services business (MSB Registration No.: 31000319084642) and a multi-state licensed money transmitter (NMLS ID: 1988685).

Registration and licensure do not imply endorsement, approval, or recommendation by any federal or state regulator. The availability of Staking Services is subject to eligibility. Staking digital assets involves risks and staking rewards are variable, not guaranteed, and may be subject to network and other fees. Digital assets are generally highly volatile and can lose value, and digital assets staked through the GalaxyOne platform may not be immediately available for withdrawal even during periods of high volatility. Staking rewards are not guaranteed and any references to staking reward rates are estimates. Actual staking awards received may vary and depend on several factors including network conditions. Past performance is not indicative of future results and is in no way a guarantee of any outcome. Services are not available to residents of California, Maryland, New Jersey, Wisconsin, Washington, New York, Louisiana, Pennsylvania, Tennessee, or Nevada. GalaxyOne Prime LLC is not a bank. Digital assets are not deposits and are not insured by the FDIC or any governmental agency. Additional information and a list of licenses held by G1 Prime can be found via the Consumer Access page available at [www.nmls.org](#). Please see visit [GalaxyOne Staking Terms](#) for applicable terms, conditions, and other important disclosures.

GalaxyOne Brokerage accounts are introduced by Fin2, LLC and offered through DriveWealth, LLC, a registered broker-dealer and member FINRA/SIPC. Securities products are not FDIC insured, not bank guaranteed, and may lose value. Commission-free trading refers to \$0 commissions for self-directed individual cash brokerage accounts on U.S.-listed equities and ETFs. Other fees and charges (including regulatory fees, foreign transaction fees, and wire transfer fees) may apply. Fractional share trading is available for certain eligible securities; not all securities are available for fractional trading.

GalaxyOne Brokerage accounts and services are available only to U.S. persons who successfully complete KYC verification. All investing involves risk, including the potential loss of principal. You should carefully consider your investment objectives and risk tolerance before trading. Nothing herein should be construed as an offer, solicitation, or recommendation to buy or sell any security.

Extended hours trading involves additional risks, including reduced liquidity, increased volatility, and wider spreads. Prices may differ substantially from prices during regular market hours. Traditional and Roth IRAs are subject to IRS rules and contribution limits. Consult a tax advisor for guidance specific to your circumstances.

The GalaxyOne Stock Lending Program is offered through FIN2, member FINRA/SIPC, with clearing and custody services provided by DriveWealth LLC, a registered broker-dealer and member FINRA/SIPC. Participation is optional and subject to eligibility requirements. By participating, you agree that certain fully paid or excess margin securities in your account may be lent to other market participants for a fee. Income from stock lending is not guaranteed and may vary over time based on market demand and other factors. Participation in the program does not affect your ability to sell the lent securities; however, sale requests may take additional time to settle if the securities are on loan. Stock lending involves risks, including, but not limited to, the risk of borrower default, loss of voting rights, and potential tax implications. You may not receive dividends on lent securities. Past income from stock lending is not indicative of future results. See the Stock Lending Program Terms and Conditions for full details.

Stock lending involves risks, including but not limited to: (1) Loss of shareholder rights — While your securities are on loan, you will not have voting rights; (2) Loss of income on lent securities — You may not receive dividends or other distributions during the loan period; (3) Borrower credit risk — If the borrower defaults, you may not be able to recover the lent securities promptly, and market conditions could affect their value upon return; (4) Market risk — The value of lent securities may fluctuate during the loan term, and you may be forced to buy back securities at a higher price if needed to close a position; (5) Tax considerations — Any substitute payments received in place of dividends may be taxed differently than qualified dividends. Consult a tax advisor.
